

THIRTYTHIRD YEAR

LANCASTER, KY., THURSDAY AFTERNOON, JUNE 22, 1922.

NUMBER 11.

## MUCH INTEREST

Shown at Last Meeting of  
Chamber of Commerce  
Election of Officers Friday Night

A goodly number of the members attended the meeting of the Chamber of Commerce last Friday evening and some very important business taken up and some just as important disposed of. The referendum committee reported the following nominations from the eighty-two ballots cast for the various officers which are to be elected by ballot next Friday night at the court house.

Those to be voted upon at this meeting are: For President, J. E. Stormes, W. A. Farnau and R. L. Elkin; for Vice-President, R. L. Elkin, G. B. Swinebroad, and A. D. Joseph; for directors, R. L. Elkin, G. B. Swinebroad, J. W. Elmore, Chas. Thompson, H. S. Hudson, Billie Miller, J. M. Farra, W. A. Farnau, J. E. Stormes, V. G. Kinnaird and A. D. Joseph.

After the election of a president and vice-president, three directors will be named from the above list. It is to be hoped that the membership will turn out next Friday night at the election of the officers, which is one of the most important meetings of the year and show to the officers-elect that you are co-operating in the work of the Chamber of Commerce, which could mean so much to Lancaster and Garrard county; but without such co-operation very little can be accomplished.

The election will be in charge of the following committee, which was named last Friday night: L. G. Davidson, chairman, E. C. Gaines and Joe Price.

The Chamber of Commerce went on record as endorsing the Redpath Chautauqua and the continuance of this interesting series of summer entertainments.

It also unanimously endorsed the work of Miss Joyce Syler, as Garrard county's Demonstration Agent and the secretary was requested to write a letter to Miss Syler, assuring her that this organization approved of the educational work which she is conducting throughout the county.

Members of the Chamber of Commerce, contributing to the cost of two students at the College of Agriculture during Junior week, June 19th to 24th are as follows: A. D. Joseph, Haselden Bros., Kinnaird Bros., W. A. Dickerson, L. G. Davidson, Garrard Milling Co., A. H. Bastin and Co., Hudson and Farnau, E. C. Gaines, S. F. Hughes, John M. Farra, J. B. Kinnaird, Virgil Kinnaird, Conn Bros., J. M. McRoberts, J. W. Elmore, Bastin Lumber Co., F. B. Marksbury, J. A. Amon, G. B. Swinebroad and A. T. Sanders.

It is indeed gratifying to see such encouragement given to an educational opportunity of this nature by the business men of Lancaster and Garrard county. In addition to this co-operation, the Central Record is making it possible for another student to enjoy this same course, and the Club Department of the Reynolds Tobacco Co. is supplying the means for a fourth pupil.

Mr. Duncan Haselden is to be congratulated upon his progressiveness and desire to absorb all the knowledge possible during the same period as a result of his own initiative.

PUBLIC SQUARE  
PROPERTYTo be Sold at Auction Friday  
Afternoon

What will probably be the last opportunity one will have again soon, is to buy public square property at public auction, but this chance will be offered to some enterprising progressive person, when the Tomlinson property in the northwest side of the public square will be sold by the Garrard Bank and Trust Company, administrators of the estate, tomorrow, (Friday) afternoon at four o'clock.

This property is ideally located and susceptible for a business house, hall, or other usage, having it is true only about fifteen feet frontage on the square, yet this entrance could be made attractive, as an arcade, leading to the main entrance of the hall or stores which runs back the depth of 100 feet or more. It is a great opportunity for some business enterprise to be opened right on the square, where property has always been in so much demand. The present buildings have useful material in them and the valuable grounds upon which they stand should find a ready sale tomorrow afternoon, when it will be offered publicly.

It is to be hoped that this property will fall into the hands of some public spirited citizens, and a building erected there that will be a credit to the town and prove a profitable investment for its owners.

## Mothers

Call For Your Conference Cards

The mothers are urged to get the conference cards as soon as possible. They will be at Dickerson's store and may be had if they will call there for them.

Although the babies were fine specimens of Kentucky's best crop, many defects were found on careful examinations. Another year, if such a conference is held, it is hoped that even more parents will avail themselves of the opportunity of having their babies given the once over.

The Shepherd Towner Bill, passed by the last Legislature gives \$40,000.00 to be spent on the "Infant Soldiers" of this State. Garrard county should get its share and see to it that the money is well expended.

## Beazley

Roy Stewart Beazley, who lived many years in Garrard county, where he was born and for a number of years a resident of Lincoln, died at his home in Mt. Vernon last Monday morning, the result of an operation two months previous, for hernia. While his death was rather sudden, for he had been confined to his bed for several months, his immediate family were not prepared for his sudden demise. He leaves a wife and several children. He is also survived by his mother, Mrs. Mildred Beazley, of this city, two brothers, James A. Beazley, also of this city, J. L. Beazley, of Stanford and two sisters, Mrs. Will Hays of Stanford and Mrs. Walter Beazley, of Los Angeles, Calif.

The deceased is well remembered here and his death will be read with deep regret by those who knew him personally. Burial took place in the family lot in the Lancaster cemetery Tuesday afternoon.

## Jail Sentence

That there are strong teeth in the law protecting migratory birds demonstrated recently by the Federal Judge for the eastern district of Arkansas when he sentenced to four months in jail a violator brought before him on the charge of selling wild ducks. This is the twelfth jail sentence imposed for infraction of the migratory bird treaty act the sentences ranging from five days to six months. The States where jail sentences had previously been imposed are Arkansas, Connecticut, Florida, Illinois, New Jersey, South Carolina, and Virginia. The act is administered by the United States Department of Agriculture.

## PEDALED 700 MILES

Vincent Arnold and Forest  
Carlisle Reached Here  
Tuesday From  
Birmingham

The Birmingham News of June 6th, contained a picture of two young Boy Scouts, Messrs. Vincent Arnold and Forest Carlisle, ready to mount their wheels, which would start them on their journey of 700 miles from that city to Lancaster. After traveling 14 days and taking in many of the sights along the way, they arrived at the home of Mr. Arnold's grandparents, Mr. and Mrs. J. G. Burns last Tuesday morning, none the worse for their long journey, and thoroughly enthusiastic over the trip, which brought them many experiences neither had ever encountered before in their young lives.

Vincent is a son of Mr. and Mrs. J. V. Arnold, of Birmingham and his young friend, Forest Carlisle, is a brother boy scout, and they conceived the idea of motoring through on their wheels, and taking in many of the sights along their way, which they did and enjoyed to the limit. Chief among the places of interest visited was the famous Mammoth Cave and they spent a day and night there. Other points touched were Decatur, Gallatin, Nashville, Scottsville, Greenboro, Bowling Green, Lebanon, Danville and on to Lancaster.

## Ruling Affecting

## Bleached Flour

New York, June 12.—The Board of Health has announced a ruling that after Aug. 31 no flour bleached with any chemical agent or product made from such flour shall be "brought into, held, kept, sold or offered for sale," in this city unless labeled "bleached," with the name of the chemical agent also on the label.—Milling and Grain News, St. Louis.

Many of the large city's Board of Health are making war on bleached and chemical cured flour. While it helps the appearance of the flour it destroys the food values. We are protecting you by offering you only pure, unbleached, wheat flour.

The Central Record

JUNE 22nd, 1895

Next Monday is County Court day, and we will consider it a great favor if our subscribers will come in and pay their subscriptions to the Record. We need the money to keep the machinery going.—(This article is just as applicable today.—Editor.)

Large crowds fill the Circuit Court room every night to hear Rev. Geo. O. Barnes. The sweet singing of Miss Marie is a delightful part of the service.

Democrats of Garrard hold precinct meetings and name delegates to the State convention to be held at Louisville June 24th and 25th.

The delegates are sent uninstructed. The money question was never raised during the county meeting and everything was harmonious. Stirring addresses were made by Lewis Walker and Mort Rothwell.

Leslie Herndon and Herbert Kinnaird have secured the local agency for the new Danville Steam laundry.

Horace Herndon and Frank Marksbury, who have been attending Oxford College, have returned for vacation, full fledged dukes.

Miss Clyde Huffman, of Louisville, has been the guest of her mother, Mrs. Osee Huffman.

## Don't Forget

All democrats should bear in mind that July 10 and 11 will be registration days and that every democrat in every precinct in every county will have to register in order to vote in the future. If you fail to register you will lose your vote. Democrats are urged to begin now to advertise this important matter. Every time you meet a democrat remind him of the two days. Polls will be open in each precinct in the county just the same as on election day. When you register once you do not have to register again unless you move from the precinct. Don't forget this.

## Senator Ernst

## Offers Bill

A Washington dispatch says: A bill was introduced by Senator Richard P. Ernst, Republican, of Kentucky, recently intended to give greater freedom of action to the prohibition enforcement office and to remove it from the control of the internal revenue commissioner and the secretary of the treasury. The measure, if passed, would make the office an independent establishment, answered early to the President. Prohibition enforcement is not regarded as a source of revenue and many believe it should not be under the internal revenue bureau, Senator Ernst said in introducing the bill.

## Fight Law For

## Pure Elections

Judge Chas. A. Hardin Expresses  
Amazement at The Course of  
Republican Organization

Republican action to test the new Registration Law, expected to be initiated in the Franklin Circuit Court was interpreted as a fear of clean elections by Judge Chas. A. Hardin, Chairman of the Democratic State Central and Executive Committees.

"It is passing strange," said Judge Hardin, "that a duly organized political body would institute a suit to test a law that seeks to purify elections. The registration law has for its sole purpose clean elections. It contains no partisan provisions whatever. It imposes exactly the same conditions on all political parties playing no favorites.

"It strikes the Democratic leadership that any party which is afraid of this law must object to clean elections.

"I am amazed that the Republican party would put itself on record as fighting a law designed to bring an honest election. The only criticisms of the law that I have heard were that it would cause inconvenience or cost something for its administration. No one of responsibility has accused it of being partisan. Anyone who reads it can see that it can't be used by either organization in a selfish way. Any organization which puts itself on record as opposing electrical machinery which insure pure elections is doomed to fail.

"Under the State-wide registration law no longer the groups of repeaters can be swung from poll to poll; from county to county; from State to State in border counties, to create artificial and corrupt majorities. No longer can the transients and families who are not entitled to vote secure the privilege through corrupt election officers. No longer can the corruptions, by use of unlimited corruption funds, be effective as under the old law. No longer can the unnaturalized citizen vote in the mining camps of Kentucky. The registration law is not for the benefit of either party but to bring about clean and pure elections.

"In my opinion this law is one of the most progressive laws ever enacted by the Legislature in our State. It renders possible the enactment of all progressive laws which are concurred in by the majority opinion of the electorate, and thereby secures a foundation of justice consistent with Democratic principle and the certain support of the people."—Louisville Post.

July 1st Membership's  
Day

The preamble of the American Legion's constitution states that it is dedicated to God and Country. The Legion, during its career of only three years has demonstrated that it is the best insurance policy the nation has.

Our post appeals to all eligible ex-service men in this community to join the Legion and to aid our fight for Americanism. The blue and gold button of the American Legion marks its wearer as one who has not thrown away his patriotism with the uniform. It means that he has not "passed the buck" to someone else to see that the sick and disabled buddies get justice and to fulfill all those things that he desired to result from the war.

Every man in the service hoped for better things after the war. More than two million doughboys, gobs and gyrenes realized that it was going to be a fight to bring to pass all the things that they dreamed of. The result of this prevailing sentiment was the formation of the American Legion.

Legion members are from every branch in the service, from those who were forced to remain at home to men who won the congressional medal at Chateau-Thierry and in the Argonne. It included all ranks from private to general.

Our Legion post can be the most beneficial organization in this county. Its purposes are high its ideals are untarnished. It deserves your support and membership of every war veteran. Join Heidel Sanford post of the American Legion and make it the best post in your State.

## CONGRESSMAN

## GILBERT

Announces Candidacy for  
Democratic Nomination

Will Have No Party Opposition

Congressman Ralph Gilbert, of Shelbyville, at present the able representative of the Eighth Congressional District, announces his candidacy for the Democratic nomination for Congress and we feel safe in saying that he will have no opposition from the democratic party for this nomination. Congressman Gilbert has made a splendid record in Washington and his work there should and will be endorsed by the party and his re-nomination assured. Mr. Gilbert is now in Kentucky looking after the registration of the democratic voters, which is to take place July 10th and 11th, and in a letter to the Central Record sets out many reasons why this registration law is a good one and believes its operation will go a long way toward the purity of the ballot which should be kept inviolate.

His letter is of interest to every voter in Garrard county and we reproduce it in full:

Shelbyville, Ky.

June 16, 1922.

The Central Record.

Lancaster, Ky.

My Dear Mr. Elkin:

I have sent in today to the Secretary of State my notification and declaration as a candidate for Congress on the democratic ticket. While I do not anticipate any democratic opposition, I wish to announce my candidacy in the newspapers also, as they are the great bearers of news and thought.

The press of the district has at all times since my induction into office treated me with uniform fairness and consideration, in fact, it has been more complimentary than my services deserved. I am inclosing my check for \$15, the charge as I understand it.

I believe the press like public officials by reason of their opportunities carry a public duty, and in this connection permit me to suggest that wide publicity should be given to the Act of the last legislature requiring all voters to register. As it only operates once and as the purity of the ballot should be kept inviolate, it is highly proper that all qualified voters of the State should for once be ascertained and put on such record that both parties and all citizens could see whether or not elections have been properly held. Recently when a democratic candidate for senator received more than 40,000 majority in ten districts and was defeated by the majority in the remaining district suspicion naturally was aroused.

This law should have the purpose of correcting the abuse, if there was an abuse or quieting the slanders of the ballot in that district if they were slanderous. The public should be not only informed that there is such a law, but the reason for it. It is no use for us to vote if elsewhere a majority will be manufactured simply to overcome it. You will pardon this long letter but it is more in the nature of a communication to the press, which is after all, the only way that the general public can be informed as to such matters of great importance. With kind personal regards, I am,

Sincerely,

Ralph Gilbert.
